BEST PRACTICE – 1
EARN WHILE YOU LEARN

EARN WHILE YOU LEARN

BEST PRACTICE – 1

1. Title of the Practice: -FUTURA-EARN WHILE YOU LEARN

2. Objectives of the Practice

The "Earn while you learn" programme provides opportunities to the students to earn while they are learning, through part-time jobs. The main objective of the scheme is to develop a student as a multifaceted personality with academic excellence and a commitment to an egalitarian society. It inculcates in the student the idea that no work is big or small and develops a work culture with the right aptitude. Encourage young students to learn about dignity of labor. Prevent students from avoidable distractions and engage them in meaningful, positive activities.

3. The Context

It is not only a platform for students of various streams to financially support their studies but also to gain practical experience which would stand by them in their later career. It will help in a long way in understanding the value of money and money management in future. It will allow the students to decide whether to choose an alternate career or cement their plans about the same career path. Various departments and the students were really inspired, and they have adopted it as self-employment and are earning from their learned skills

4. The Practice

In this context, various programmes were organized during this year, in which

many department students made food, art things. Which they displayed and sold. Various training programmes also conducted. Due to which they got a lot of financial help.
